

Hunter 192 Soldering Tester

- Measures Tip Temperature, Leak Voltage and Ground Resistance
- Resistant to drift and temperature changes
- To ensure highly reliable measurement
- Meets MIL-STD-2000 on leak voltage measurement

Specification :

Power Consumption	: 1W
Temperature Resolution	: 1°C
Measurement Range	: 0°C ~ 600°C
Applied Sensor	: K-Type Thermo-Couple
Precision Range	: ±3°C
Voltage Resolution	: 0.1mV
Measurement Range	: 0 ~ 90mV
Accuracy	: ±5% + 1 Digital
Resistance Resolution	: 0.1Ω
Measurement Range	: 0 ~ 90Ω
Accuracy	: ±5% + 1 Digital

Hunter SLD-1000 Tape Dispenser

- Micro-computer Controller LED Digital display
- Fully Automatic or Semi-Automatic mode available

Specification :

Power Consumption	: 18W
Tape Width	: 7mm ~ 50mm
Tape Length Limit	: 20mm ~ 999mm

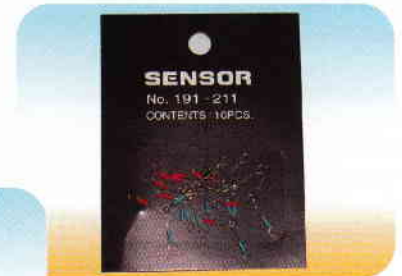

Hunter 191A Thermometer

- Fast, Accurate tip measurements using CA Wire sensor
- Large Display for easy reading
- Easy and quick sensor replacement

Specification :

Temperature Resolution	: 1°C
Measurement Range	: 0°C ~ 600°C
Applied Sensor	: K-Type Thermo-Couple
Precision Range	: ±3°C
Power Supply	: DC 9V Dry Battery

Round Tape Dispenser

- Compact, user friendly
- Semi-Automatic (Half Turn)

Specification :

Tape Width	: 3mm ~ 25mm
Tape Length Limit	: 13mm ~ 60mm
